

# The place to be

## EVERYTHING YOU NEED WITH THE FLASH OF A CARD: **INNERPLACE**

**T**HERE'S a plethora of virtual members' clubs on the market, and almost all of them are reasonably good. But innerplace is just a little bit better. It cuts out the lists of measly 5% retail discounts and numerous offers that you'll never have time to accept. Instead, it's unapologetically concentrated on partying. The trans-Atlantic club offers its members unparalleled access to some of the most exclusive venues in London and New York, including Kingly Club, MINT, and Chinawhite in the former and Manhatta and Cielo in the latter. The £25 per month membership includes weekly invitations to some of

the finest private parties and VIP events, along with news of the latest club and bar openings. The club includes 24-hour access to a concierge service which can help out with even the most demanding of whims.

For high net worth individuals, there's innerplace *red*. This is the premium level of membership boasting unrivalled benefits. Although the price is £1,300 per year plus a £200 joining fee, you'll be part of an elite set. You'll never need to queue at a club again and VIP treatment will come as standard.

As much a benefit as a sign of status, innerplace gives you the insider's edge. ■ [info@innerplace.co.uk](mailto:info@innerplace.co.uk)
